## Presidents Message ...

Joe Amandoli  
President 2007-2008

Did you enjoy our Speakers on March 20<sup>th</sup> on the Relay for Life Cancer Walk?

I am motivated now about the Cancer walk at Buena High School on May 17<sup>th</sup>-18<sup>th</sup>! I hope you have a better understanding why this event is so important. We can make a direct impact on the toughest disease. Somebody asked at the meeting how much money is spent on Cancer treatment each year. What about preventative and research? I know that the funds spent on research are nearly 25% of the total amount spent. If we cannot find a cure, the treatment costs will keep going up and up and up. Do you agree?

But the important reason for this Relay For Life Cancer Walk in Ventura is awareness. You will find out about our neighbors who didn't survive, and who the survivors are in our very own city! I bet each one of us knows or have known someone with cancer. Cancer has affected us right here in our own Rotary club!

Take the time to get pledges for this walk. Come out and take a lap on May 17<sup>th</sup>.

Shawn has been able to get all four Rotary Clubs to get involved this year. Pete has raised hundreds of dollars with corporate sponsors. We are partnering for a great cause and at the same time having a large presence of Rotary at this event.

Thank you to Michael Scar and Steve Phillips for their dedication to our new District Membership retention campaign. Get ready to see some fantastic commercials about Rotary on your television in about a week or so. We now can have a reference guide so we can do business with other Rotarians in our area as well as in our club. Doesn't it make sense to conduct business with other Rotarians that you trust? I am excited to see how this project grows. See Michael and Steve for details.

I will not be at our Rotary Club Meeting these next few weeks due to personal matters. Joe Strohman will lead you this week on March 27<sup>th</sup> and Pete and Ron Hertel will lead us on April 3<sup>rd</sup>!

Thank you for your dedication and please keep up the great works you do for our Community and World.

Joe Amandoli

2007-2008

## New e-mail scam

*Rotary International News - 21 March 2008*

There are several e-mail scams that target Rotarians.

Please be aware of the following scams:

An e-mail that claims that a Rotarian has "emerged a recipient of our Rotary International improvement Grant Programs." It goes on to say that the recipient was selected from an "exclusive" database of more than 800 million individuals and corporate bodies. The e-mail then gives a fake a batch number and contact information for a "cash prize."

Another scam e-mail claims that a deceased Rotarian has left money to the e-mail recipient to be donated to philanthropic efforts. The sender, who claims to be the executor of the will, then asks for the recipient's personal information in order to claim the inheritance.

Rotary International does not solicit funds through e-mail, nor does it ask that personal information be updated by e-mail or other electronic means. RI encourages Rotarians and Rotary clubs to avoid becoming victims of such scams by deleting any e-mail that appears suspicious.

# Empowering girls, women in Afghanistan

By Aretha Fouch Price  
Rotary International News - 19 March 2008

Girls living in and near the village of Deh'Subz, outside of Kabul, Afghanistan, will hear school bells ringing closer to their homes for them for the first time starting in March.

Rotarian Razia Jan, a native of Afghanistan, visited her homeland in 2001 after the Taliban's reign (1996-2001), and in 2002 she began working with the orphanages in the area. It was during her visits that she decided the girls who walk more than two miles each way on a dirt road to school and those who have never had any formal education needed a school closer to where they live.

"A whole generation of girls have never been to school because of the Taliban's rules prohibiting girls from attending school and the destruction of the schools," said Jan, a member of the Rotary Club of Duxbury, Massachusetts, USA. "But that is about to change."

Seeing firsthand the need for girls and women to be educated and productive in her homeland, Jan became inspired to build a school for girls that also will serve as an adult education center for women.

"Our club is just about to open a school for girls in Afghanistan to help break the cycle of poverty [through] access to an education in a very poor village," Jan says. "By providing them with an education, we are giving them a ray of hope to protect them from the vicious cycle of poverty, malnutrition, and hunger."

The year-round school is scheduled to open with about 200 girls, ages 4-18. The adult education center is expecting 20 to 30 women, many of them widows with children, to come to learn a trade or how to start a business.

During two visits to Afghanistan, Jan found the site for the school, which she says is in a safe location and within walking distance of six or seven villages. By the time it's completed, the school will cost more than US\$150,000, and additional funds will be needed to sustain it.

The 17-member Duxbury club has raised more than \$100,000 so far. "My club is very supportive," Jan says. "We had two big fundraisers for this project, in 2005 and in 2007, and they both were very successful." The fundraisers included a program with a book signing by Khaled Hosseini, music by Ehsan Aman, a silent auction and a gourmet Afghan dinner.

# Canadian Rotaractors' award-winning project aiding Nicaraguans

By Ryan Hyland

Rotary International News - 4 January 2008

Communities in San Juan del Sur, Nicaragua, are witnessing significant improvements to sanitation and school conditions, thanks to Project Nicaragua, a technological initiative launched in 2004 by the Rotaract Club of University of Calgary, Canada.

Nicaragua, one of the poorest countries in the Western Hemisphere, lacks the resources to remedy serious health and sanitation issues. This has caused disease and starvation in many communities. Frustrated by what she saw during a volunteer mission, Rotaractor Lyndsey Rosevear returned home to Calgary and encouraged her club to take action.

Sponsored by the Rotary Club of Calgary, Rosevear and fellow Rotaractors organized Project Nicaragua, a multifaceted initiative focused on improving the quality of life in underdeveloped communities through sustainable technology and resources.

"We are addressing Nicaraguans' basic human needs and basic human rights through technology, information, and ambition," says Rosevear, a student at the University of Calgary. She and other club members have visited Nicaragua several times to assist with the project, which is carried out in two phases in each community.

The first phase is aimed at improving sanitation and educational conditions. Traditional open-fire stoves are replaced with concrete-and-brick eco-stoves, which use 50 percent less wood for fuel and reduce smoke inhalation. Biosand water filters are used to create a safer drinking water supply, and composting toilets, which do not contaminate underground water systems, are installed. School buildings in need of repair are also renovated.

The second phase focuses on health care improvements. A local doctor and dentist visit the community four days twice a month to address health issues such as fever, diarrhea, and dental problems. More than 150 people are treated every month.

The club seeks to raise US\$50,000 for the project. Members have been garnering funds by hosting an annual Battle of the Bands night, putting on bake sales, and petitioning funds from clubs, businesses, and independent donors.

At the 2007 RI Convention, Project Nicaragua was named the international winner of RI's 2006-07 Outstanding Rotaract Project recognition. Rosevear credits the project's success to a support network of motivated Rotaractors: "Our club's core values and principles are helping to improve the quality of life."
