President 2008-2009

Fellow Rotarians,

Jeff Hata, Jan Lindsay and I had a terrific time at the District Conference in Santa Maria this past weekend. Although cold and windy most of the weekend, the fellowship with other Rotarians made the weekend completely worthwhile! During a discussion with several Rotarians in one of the hospitality suites, I was surprised by how many Rotarians have never been to an online Club to do a makeup. It occurred to me that not knowing where to

go to do that makeup could be part of the problem. The following is a list of chartered Rotary e-clubs who are participating in the Rotary E-Club Pilot Project. This is one of the easiest ways to make up! Check out the following Rotary Clubs and sign-up/sign-in to do a makeup if you've recently missed a meeting or expect to within the next couple of weeks:

The program was introduced by **Nikki Sloan**, Tom Kendrick a California sea urchin diver and author of Blue Water Gold Rush which he offered for sale for \$18/copy.

== Rich Stewart

Tom Kendrick shared his experience as a California sea urchin diver during the 80's "gold rush". In 1978, Tom began his urchin diving career as an urchin boat deck hand, and one year later started diving. The "gold rush" of urchin diving took him up and down the West coast from Channel Islands to Alaska in pursuit of the prickly creatures. At 55, he no longer dives professionally, but still surfs and writes while living in Sebastopol. He has been seen on Huell Howser's California Gold program and published a book about his experience, "Blue Water Gold Rush".

Tom began hunting urchins when he learned that an urchin's roe is a highly prized sushi item in Japan and is a lucrative career. The giant red sea urchin is approximately 10" in diameter and provides a bright yellow "roe". The roe of an urchin is said to be an aphrodisiac. Tom said he eats it every night! Wow, go Tom! Each urchin is hand picked by a diver who does not wear a scuba tank. The depth and extensive bottom time mandates that the divers use an air compressor with a 500 foot hose

attached instead. An urchin diver will typically spend 4-6 hours a day diving at an average of 30-60 feet.

Wildlife regulations now specify that urchins under 3" in diameter cannot be picked and though there wasn't a "season" when Tom dove, California now regulates an urchin "season". Urchins help keep kelp under control, but can, in over population, destroy kelp. Their natural predator is the sea otter.

Tom and several Rotarians shared their spine tingling encounters with the little fella's and the removal of their incredibly sharp quills. He shared amazing pictures of the urchins, his dive expeditions, including a friend's ride on an elephant seal!

This was an enjoyable light hearted program. I hope you all had an opportunity to purchase Tom's book!

Child mortality conference draws 10,000 in Korea

By Susie O. Ma

Rotary International News -- 6 October 2008

Nearly 10,000 Korean Rotarians gathered on 2 September to pledge their commitment to reducing child mortality, the focus of RI President Dong Kurn Lee's service emphases for 2008-09.

"Together, we can save a child who is at the threshold of death," Lee told the audience at the Kintex convention center in Ilsan, Korea.

On behalf of the gathered Rotarians, Lee presented a check for W500 million (US\$431,890) to two Korean organizations working to reduce child mortality, Korea Foundation for International Healthcare and Community Chest of Korea. The groups will match the funds with the goal of building a small hospital dedicated to mother and child care in Africa.

Conference attendees spent the morning in a symposium on child mortality with medical and academic experts and a UNICEF representative. In the afternoon, Rotarians heard from the heads of several nongovernmental organizations, such as World Vision Korea.

"It was awesome to see 10,000 Rotarians gathered in one place to get energized and educated about reducing child mortality," said Past District Governor Sang Koo Yun.

Korean President Myung-bak Lee, a Rotarian, and UN Secretary-General Ban Ki-moon sent video messages to the gathering. Reducing child mortality is one of the UN's Millennium Development Goals.

"I am heartened that President D.K. Lee and Rotary International have also taken up this issue," Ban said. "I am sure this will bring the same energy and dedication as Rotary [has] marshaled in the fight against polio."

At the end of the event, Rotarians adopted a statement on child mortality.

A second presidential conference on child mortality will be held in Singapore on 6 March.
