## Presidents Message ...

**Dave Anderson**  
President 2014-2015

My wife, Wendy, subscribes to a bicycling magazine called Adventure Cyclist. Yesterday I was drawn to its cover article, “Circling the Volcanoes – Family Adventure in Nicaragua,” by Aaron Teasdale. The article recounts one family’s two-week bike ride around the double volcanoes on the island of Ometepe in Lake Nicaragua (about 20 miles south of Granada).

Their story brought to memory my own brief visit to Nicaragua several years ago, and evoked recollections of similar experiences. As

I mentioned at the club meeting last week, the opportunity to have visited Nicaragua changed my perception of the country from the abstract to a direct personal knowledge. My guess is that many of you have experienced the same phenomenon.

I want to thank Michelle Cekov for sharing her report last week on the work that GoCare is doing in Pantanal - and throughout Nicaragua. As members of the Rotary Club of Ventura East, we can be proud of the Club’s efforts to

serve the people of Pantanal over the years. But we should express our appreciation to Michelle and the entire GoCare organization for envisioning and implementing a truly sustainable system - one that will continue to provide high-quality educational programs to these communities for years to come.

As Michelle mentioned, GoCare is also ready and willing to assist any Rotary Club (including Ventura East!) to identify, assess, plan, and execute any number of future humanitarian projects in Nicaragua. Perhaps there will be new opportunities for service that our club will want to explore and act upon.

You can visit GoCare’s Facebook page here:

<https://www.facebook.com/GOCAREKids>

You can read an excerpt from Aaron Teasdale’s bicycling article here:

## The Four Way Test

First ... Is it the TRUTH? Second ... Is it FAIR to all concerned? Third ... Will it build GOOD WILL and BETTER FRIENDSHIPS? Fourth ... Will it be BENEFICIAL to all concerned?

# Meeting June 11, 2015

Reported by Jeff Hata

Daryl Cruser gave our joke of the week & received his blue badge!

President Dave rang the bell and invited everyone to get their lunch, guests and visiting Rotarians first.

President Dave thanked Husam Hishmeh for greeting and Michelle Cekov for taking attendance. Bill Gray donated our raffle prize which was a \$50 gift card to Wood Ranch BBQ.

Todd Juvonen led us in the Flag Salute.

President Dave spoke about the July 4th Push-em Pull-em parade and the BBQ team's booth at the street fair.

Tim Blackwell spoke about the Johnny Cash music festival on June 27th & 28th. We will need all hands on deck for that weekend.

Tim Hughes spoke about President Dave's Step Down Dinner on June 29th.

John Borneman led us in a song.

Michelle Cekov passed around the duty roster and asked everyone to please sign up to help our meetings run smoothly.

Michelle Cekov also gave us an update on Nicaragua. The government is signing the agreement and GoCare will be moving forward with the two learning centers soon.

Happy \$'s: Tim Blackwell, Carol Marquez-Olson, Sam Marsh, John Masterson, Joe Strohmman, John Borneman, Rafael Canton, Midge Stork, Bill Spellman, Michelle Cekov, Ken Kagan and Tim Hughes.

President Dave presented Daryl Cruser with his blue

badge. Daryl Cruser then gave our joke of the day.

Midge Stork conducted the raffle and our lucky winner was Alison Thompson.

### OPPORTUNITIES FOR FELLOWSHIP

Most Rotarians are successful professional and business executives because they hear opportunities knock and take advantage of them. Once a week the opportunity for Rotary fellowship occurs at each club meeting, but not all members hear it knocking.

The weekly club meeting is a special privilege of Rotary membership. It provides the occasion to visit with fellow members, to meet visitors you have not known before, and to share your personal friendship with other members. Rotary clubs, which have a reputation of being "friendly clubs" usually, follow a few simple steps:

First, members are encouraged to sit in a different seat or at a different table each week.

Second, Rotarians are urged to sit with a member they may not know as well as their long-time personal friends.

Third, members invite new members or visitors to join their table just by saying: "Come join us, we have an empty chair at this table."

Fourth, members share the conversation around the table rather than merely eating in silence or talking privately to the person next to them.

Fifth, Rotarians make a special point of trying to get acquainted with all members of the club by seeking out those they may not know.

When Rotarians follow these five easy steps, an entirely new opportunity for fellowship knocks each week. Soon Rotarians realize that warm and personal friendship is the cornerstone of every great Rotary club.

Midge Stork conducted our raffle today!

# KNOCKING DOWN LANGUAGE BARRIERS

*Anna Wiczorek, a member of the Rotary Club of Warsaw City, teaches English to elementary school students.  
Photo Credit: Courtesy of Anna Wiczorek*

Before the collapse of the Soviet Union in the early 1990s, Russian was the predominant second language offered in Polish schools, leaving tens of thousands of Polish emigrants without the English skills they needed.

That has changed over the last 25 years. English proficiency drastically improved after the government reformed its education system in 1991. The country overhauled its teaching curriculum and materials and introduced English as the primary foreign language. As of 2013, Poland ranks 8th in the world in English proficiency.

However, one segment of the population isn't reaping the benefits of the improved curriculum. Thousands of students in poor rural villages attend schools that don't have the adequate resources or well trained personnel to properly teach English, putting them at a disadvantage in today's global economy and labor market, says Anna Wiczorek, a Rotary Club of Warszawa City member and author of Poland's English curriculum for grades 1-3.

"The budgets of state schools in rural areas are limited compared to those in the cities and private schools," Wiczorek says. "Teachers in these schools are often underpaid and undertrained. Consequently, the level of teaching English is far from meeting the appropriate standards."

Added to that, she says, their students face social exclusion. "They lack

language, cont'd from page 4

the self-confidence and communication skills that students in the city, who have access to modern technology, might have,” she says. “The inability to learn English -- let alone acquire an appropriate education -- early on in their lives makes it difficult for them to evolve and develop further in life.”

Many of the students come from homes where unemployment and alcoholism are common, according to a report by the CASE Foundation, prepared for the Warsaw Delegation of the European Commission. Many turn their attention to the streets and crime instead of education, the report says.

**ROTARY GIVES RURAL COMMUNITIES SUPPORT**

The Warszawa City members the Rotary Club of Berlin-Luftbrücke, Germany, and the Rotary Club of Milano Nord, Italy, are trying to change this trend. A \$45,000 Rotary global grant project is supporting English and other foreign language education for more than 1,200 underprivileged students in 10 rural communities. The clubs collaborated with Good Start, a program that provides equipment, software, and an interactive e-learning platform for afterschool education centers, as well as training for tutors.

Eleven centers are now equipped with computers, interactive white boards, projectors, multimedia, and printed learning materials. The three clubs, along with the Rotary Club of Edmonton Downtown, British Columbia, Canada, have furnished 12 other afterschool centers over the last three years in conjunction with previous Rotary Foundation grants, bringing the total to 23. Each dayroom is supervised by a local Rotary member.

Before the project, the centers would generally be empty after school. They only provided desks and chairs. With the new technology, interactive classes, and motivated instructors, the students now have an “attractive way to learn,” Wiczorek says.

Wiczorek, who also authors children’s books, writes the e-learning software and curriculum. “We are not only teaching English, but we’re improving their reading, writing, and computer skills,” she says. “They have a safe place to spend their free time after school. This makes a big difference in their daily lives and will help them define their future.”

According to a 2013 global language study from Education First, countries with higher levels of English proficiency also have stronger economies and their citizens have higher per capita income levels and quality of life. More and more multinational companies are mandating English as their common corporate language.

The study also suggests that because English is the predominant language in business, higher education, and politics, English proficiency

language, cont'd on page 6

is important to succeeding in a globalized society. And low proficiency in English may be connected with weak integration into the global economy.

Gerhart Ernst, a Berlin-Luftbrücke Rotary member, says since his club was chartered in 1979, members have focused their efforts on supporting young people from disadvantaged homes. Their partnership with the Polish club is something they are especially proud of.

Ernst says his club wants to mimic this project in areas in Germany with a large number of refugees from Syria and Lebanon.

In March, members of the Warszawa City club visited one of the centers while an English class was in session. "It brought tears to my eyes to see these children so happy and engaged," says Wieczorek. "These kids have dreams about getting away from the poverty and affliction. We're doing all we can to make these dreams come true."
